**ENCOURAGE
COLLABORATION**

MULTIPURPOSE SPACE

Libraries have transformed from quiet repositories of books into vibrant hubs for learning, collaboration, and innovation. They have become dynamic centers for knowledge exchange, community building, and creative exploration.

As the role of the modern library expands, so does the need for adaptable, comfortable, and aesthetically pleasing furniture that supports a wide range of activities, from quiet study to group projects and public events.

DINING BY DESIGN

Campus dining facilities are critical social, academic, and recreational hubs where students connect, study, and relax, making their design a cornerstone of the modern campus experience. Our turn-key approach ensures that our custom booths, tables, and chairs are designed to work together seamlessly to meet the needs of multipurpose spaces.

CUSTOM BOOTHS, BANQUETTES & PRODUCTIVE LOUNGE

Our custom booth solutions help create branded and inviting environments that foster both focused study and collaborative teamwork. Our booths offer a versatile and functional seating alternative with a variety of design and upholstery options. Booths provide an efficient use of space, maximizing corners and alcoves, while also creating intimate and defined zones within a larger floor plan.

STACKABLE CONFERENCE CHAIRS

Our chairs feature lightweight aluminum frames available in your choice of a durable powder-coat or a faux wood grain Tufgrain finish. Designed for convenience and durability, most styles can stack ten high, making storage and reconfiguration a breeze. The seats are crafted with high-density foam to ensure lasting comfort for your guests, and every piece is backed by our Limited Lifetime Warranty. We also offer custom branding, allowing you to add your school's logo directly to our chairs and tables.
