PET-S NECTAR SLED BASE

Starting At: $1260

Introducing a new collection of seating, Nectar, our most environmentally friendly chairs! Nectar utilizes CertiPUR foam which contains no formaldehyde, ozone depleters, mercury, lead or other heavy metals. Additionally, CertiPUR foam is made without phthalates regulated by the US Consumer Product Safety Commission.

Features:

- Wire skeleton frame flexes as you sit and move, conforming to your body for a comfortable sitting experience
- Socked on zippered upholstery can be easily replaced and recycled
- Hard plastic glides on the metal sled base help protect floors

Options:

- Also available in wood or steel four leg versions
